The Arizona Department of Environmental Quality (ADEQ) requires a myDEQ account to be created by a Responsible Corporate Officer who has the authority to enter into agreements and bind the corporation in the capacity required by federal or state statute and/or regulation. Further, any user who intends to submit an application or compliance information through the web portal must also complete an Electronic Signature Agreement (ESA). Compliance information includes any information intended to satisfy a federal requirement to report information to the U.S. Environmental Protection Agency (EPA) under any provision of Title 40 of the U.S. Code of Federal Regulations (CFR), or any state requirement to report information to ADEQ under Title 18 of the Arizona Administrative Code (AAC).

This Subscriber Agreement and the ESA are compliant with the EPA's "Cross Media Electronic Reporting Regulations" (CROMERR), therefore compliance with these agreements will satisfy EPA's electronic signature requirements and data submitted through myDEQ will be acceptable for state and federal reporting requirements.

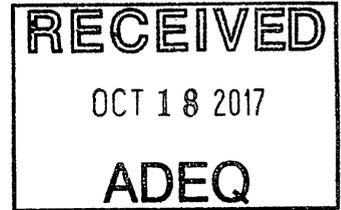

The following information and affidavit of identity must be provided to ADEQ to establish a corporate accounts. The original signature for the Responsible Corporate Officer (RCO) must be on file with myDEQ. An RCO is any principal officer, partner, or proprietor responsible for a key business function, or any other person who performs similar decision-making duties and is authorized to contractually bind the organization and who would be a required signatory under 40 CFR or AAC Title 18 to sign the paper document for which the electronic document is a substitute.

Any electronic submittal to the myDEQ portal must bear the valid electronic signature of an RCO, or authorized designee.

I, **GRADY MILLER**, have the authority to enter into this Agreement, and I am able to sign and submit reports and other information in the capacity required by federal or state statute and/or regulation.

I understand that an electronic document submitted to satisfy a federal or state reporting requirement bears an electronic signature that legally binds, obligates, and makes the Responsible Officer responsible, to the same extent as the handwritten signature would on a paper document submitted to satisfy the same federal or authorized program reporting requirement.

I understand that proof that a particular signature device was used to create an electronic signature will suffice to establish that the individual uniquely entitled to use the device did so with the intent to sign the electronic document and give it effect and that the use of electronic documents or information derived from electronic documents may be as evidence in enforcement or other proceedings.

I certify that by signing and submitting this agreement, I have read, understand, and accept all the terms and conditions of this electronic signature agreement. I certify under penalty of law that I have personally examined and am familiar with the information submitted in this agreement and I believe that the information is true, accurate and complete.
