Dear Fountain Hills Resident,

We love our parks, programs, and trails- and we know you do too! The Community Services team is developing a 10-year plan to see where our parks can grow, how our programs can expand, and ways to better serve our community. Community Services is home to many of the resources and services that are front and center within our town. This includes the care and upkeep of parks, senior services and programs, the Community Center, volunteer programs, special events, recreation classes, and so much more. This master plan will create a priority blueprint for where we can improve, how to grow responsibly, and what programs and recreational opportunities our community needs. Your input is needed! Even if you are not a current user, we would like to hear from you so we can better serve everyone.

Please visit our website where you can learn more information about the Master Plan process and why it is vital for the future for our community. You can also view the public input session and see how the survey was developed. Please visit www.fh.az.gov/masterplan for details.
